

SLATEMONITOR

**PROACTIVE SUPPORT.
PRODUCTIVE BUSINESS.**

SlateMonitor complements your staff when limited resources challenge your effectiveness and put you at risk. Technology breaks. With SlateMonitor, you no longer need to worry about your IT environment coming to a screeching halt. Let SlateMonitor oversee your technology while you focus on your business.

Gain freedom from IT support to focus on your business.

WHAT TO EXPECT

Better Coverage

24 x 7 x 365 support includes proactive monitoring and expert coverage.

US-based engineers and architects on staff.

ITIL framework (tiers 1-4) for incident management.

Customer portal to open and review issues, anytime.

How Does SlateMonitor Provide Value?

Through a collaborative partnership, SlateMonitor allows you to focus on strategic business objectives and avoid inefficient use of your resources.

The SlateMonitor recurring monthly service charge creates predictable costs for certified experts, consistent process and sophisticated technologies.

SlateMonitor offers total incident ownership—one vendor with end-to-end support.

Consistent Service

SlateMonitor detects and resolves issues faster through fault monitoring against performance metrics.

Configuration management applies security vulnerability patches and firmware upgrades when related to support incidents.

Auto-detection and alert notifications ping engineers when issues occur.

Quality skilled engineers are hard to find and retain. SlateMonitor provides consistent services even in the midst of employee turnover.

EQUIPMENT, SOLUTIONS & VENDOR MANAGEMENT

Routers, Switches and Voice Gateways	SNMP-capable Equipment
